I doubt
these guys
want to
settle things
peacefully.

We'll
hold out
until Han
arrives.

Huff...!

Huff...

Pewt!

Pewt!

Shit!

ART-WRITING KIM JAE-HEE

COLORING ASSIST: KANG KYUNG-RYUL

Point
that thing
somewhere
else.

Huh?

I said
point it
somewhere
else, you
prick.

Okay, so
you've heard.
Our guys are
shooting at
each other you
are just going
to watch?

As I
said, digging
further into this
matter will not
benefit me what-
soever. We'll talk
after you handle
the situa-
tion.

Assholes.
Don't even try
to ask for assistance
later. I'm pulling my
guys out and we'll be
working on our
own.

What are
you just standing
around there for?
Let's leave.

Ye...Yes
sir.

Captain
Choi

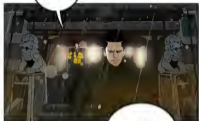

As you know,
we're not in position
to anger the Chinese.
However it's not right to
just sit back and watch
whatever the South
Koreans are up to.

Settle the
situation with
the South Korean a
gents first and directly
report back to the
embassy

CAPTAIN
HART

I'll drive
sir, you must
be tired.

Hold it,
white collar.
Don't get in
the car.

Sir...?

Don't get
in the car and
listen to me.

Take this phone and get off the grid. Use a secure channel and send every file on this phone to Lieutenant Choi. Make sure to stay off the radar and wait for further instructions.

...How?

Just as you were taught by the agency: Evade and survive. It's what you wanted, isn't it?

I understand
I'll be standing by for
further orders!

Shit. I
guess I needed her
after all...

Goddamn it...
Always cleaning
up after these
fucks... How the hell
did they get into
a university
anyway?

Huff...

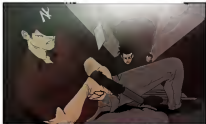

Huff...

Ugh...

What's the point of me getting angry when you die on me like this...? I'm sorry kid

**Joseph Korman's operations tend to use military terms instead of military terms. In this case that would mean that they would likely be ordered of duty.*

You did
Fine.

But it
looks like it
was all for nothing
Moran isn't going
to co-operate
with us.

HEY-I'VE
TALKED WITH YOUR
LEADER-IT

LET'S STOP
THIS! PUT DOWN YOUR
GUNS AND FROM THIS MO-
MENT ON WE'LL BE GOING
SEPARATE PATHS!
UNDERSTOOD?

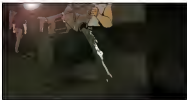

TATATATAA-II

FUCK-I

What,
you've changed
your mind?

The Ambassador told us to commence the operations with you.

As you know, the interrogated associate of the "Red Eye" revealed some valuable intelligence.

A South Korean businessman will meet with "Red Eyes" in three days. If we are able to find out his exact relation with "Red Eyes" we should be able to find their rendezvous point.

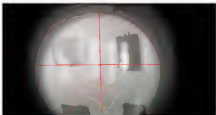

Even if we miss "Red Eyes" during the interception, we will accomplish our mission as long we secure his contact.

But first,
we're going to
need to burn this
place. We have another
safe house located out-
side the perimeter,
let's move there
before discussing
anymore...

Well would
you look at this! I
didn't know the North
and South Koreans were so
friendly towards each
other! A bit strange,
isn't it?

From the
looks of it, you
guys seem to miss me
so much. I'm flattered!
Anyways I would like
to thank you boys
personally.

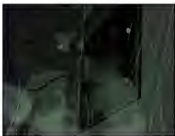

All of you
guys being huddled
up in a single
room make my job
so much easier
Thanks again.

South Korean Consul-General
in Shanghai, the following morning.

A deadly
shoot-out broke
out in Shanghai this dawn,
causing numerous deaths.
All those involved in the
shootings were found
dead by the time police
arrived.

After further
investigations, it was
revealed that the parties
involved happened to be
part of the intelligence
units from both North
and South Korea.

The police
immediately contacted
North and South Korean consul-
ates to confirm the identities of
the deceased and to ask for
further details about
the incident...

Captain
Han....

You're
alive... right?
